During 7-17 May 2022, the National Resource Centre for Civil Society and Partners Albania organized for the first time the Week of Civil Society in Albania, a series of events and promotion space dedicated to the work and activity of civil society organizations and activists in the country.

In line with the European Union's decision to designate 2022 as the Year of Youth, with the aim of promoting young people and all initiatives that support young people's participation in policy-making, social integration and their economic empowerment, the theme selected for the first year of Civil Society Week was exactly YOUTH!

About 60 organizations and hundreds of activists from all over the country, under the facilitation of the National Resource Centre, joined the Civil Society Week with a variety of activities within the framework of their implementation programs supported by various donors and in cooperation with public and private institutions.

The week created space for all actors of civil society as catalysts of positive changes in society, to come together, discuss and create solutions and concerted actions in the future.

Civil Society Week will be an annual activity that will echo the work and contribution of civil society organizations and activists in various sectors.

**"PARTICIPATION IN POLICY MAKING,
ECONOMIC EMPOWERMENT AND
SOCIAL INTEGRATION" MAY 12, 2022**

Conceived as a meeting point for all involved actors, the event created opportunities to share ideas and exchange experiences and models that improve the inclusion, activism and development of young people in the country, as well as creating synergy for networking and cooperation in the future, to bring positive changes in society.

"Rinia dhe të rinjtë më shumë se kurrë duhet të jenë në fokus të institucioneve por jo vetëm, jo vetëm në një dite, jo vetëm në një vit.

Shembujt e mirë e të suksesshëm të të rinjve që ia dalin edhe në kushte të vështira, janë frymëzues e duhen promovuar."

Juliana Hoxha

Drejtores, Partnerët Shqipëri për Ndryshim dhe Zhvillim

SOCIAL INTEGRATION**

"Këtë javë do të kemi draftin e finalizuar të Strategjisë Kombëtare të Rinisë 2022-2029, i cili do të ndahet sërish me të rinj dhe organizata, me të gjithë ata që ne kemi takuar e konsultuar gjatë kësaj periudhe. Strategjia përmban masa konkrete disa prej të cilave si krijimi i Këshillave Vendorë Rinore etj. kanë filluar tashme implementimin e tyre".

Bora Muzhaqi

Ministre e Shtetit për Rininë dhe Fëmijët

Kënaqësi të jesh në këtë aktivitet, në një javë të veçantë si Java e Shoqërisë Civile, por edhe në një vit të veçantë sepse Tirana është tashmë kryeqyteti i Rinisë Evropiane, një titull i madh por edhe detyrim i madh gjithashtu. Për Bashkinë Tiranë të rinjtë janë fokus kyç i punës tonë, ja pse kemi krijuar struktura të dedikuara si Agjencia e Rinisë, Drejtoria e Rinisë, etj. për politika dhe sa më shumë programe që ecin me ritmin e të rinjve.

Andi Seferi

Zv/Kryetar, Bashkia Tiranë

Panel 1

The National Youth Agency supports youth organizations as well as municipalities across the country with projects supporting young people and creating youth infrastructure. We have tried to build communication bridges with the country's 61 municipalities, as each municipality must have an employee dedicated to youth as well as Local Youth Councils. About 30% of the councils at the country level have been established and by the end of the year this figure will be even higher.

Ms. Kleina Kasanai,
General Director of the National Youth Agency

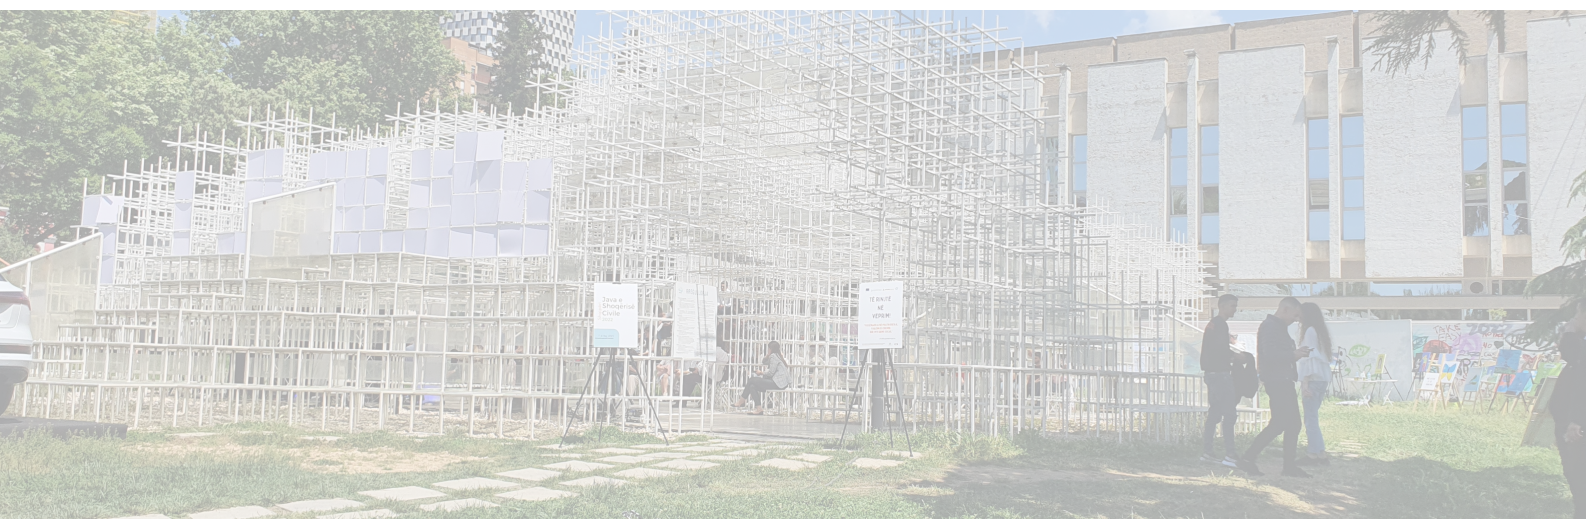

The Municipality of Tirana has a variety of services and practices in support of young people. Career counseling is one of the services that supports young people in one of the main decisions they have to make and facilitates the choice process they make based on concrete skills and the opportunities offered by the labor market. Other programs with a focus on young people are mediation with businesses for integration into the labor market and long-term employment of young people, support with grants for entrepreneurial initiatives of young people, especially girls, etc.

Ms. Anisa Subashi, Drejtore,
General Directorate of Social Services,
Municipality of Tirana

In order to help all young people to get trained and employed, we have designed the professional internship program which is very valuable and can be accessed through the digital platform called puna.gov.al. We also worked closely with businesses, as very important partners, to be more open and support the employment of young people. Through our programs, we offer equal opportunities to all young people, giving particular priority to vulnerable groups.
